a canadian text should reflect canadian realities and show how they fit into the bigger  
 picture the canadian tax system for example differs significantly from that of the united  
 states regarding dividends capital gains capital cost allowance leasing and foreign  
 subsidiary income and its taxation in the parent company we use the relevant canadian  
 tax code to make the examples more realistic to students and to give them exposure to

how canadian taxation works there are many institutional and market differences between canada and the united states we have incorporated information on both countries institutions and markets and often include comparisons with other countries
